

## English Saddles Custom Designed By FORESTIER

Lynn Palm and Cyril Pittion-Rossillon of Palm Partnership Training® have partnered with Forestier, one of the oldest and most respected saddle makers in France to develop an extremely well balanced, comfortable and beautiful saddle: The **Alliance Cross Training**

This Forestier tree is designed to fit the traditional English riding breeds such as thoroughbreds and warmbloods.

Lynn and Cyril have developed the **Alliance Cross Training** model to provide riders with a saddle that will make the never ending challenge of achieving a correct position and balance effortless! This unique design allows riders to transition from flat work to jumping without sacrificing balance and effectiveness.

- Gradual slope from cantle to pommel to place the rider in a natural forward seat position
- Half deep seat that allows the rider to adjust position easily
- Narrow seat in the front to enhance close contact and facilitate a correct leg position
- Wide, rounded seat in the back for increased comfort
- Specifically designed flap to maintain a balanced leg position whether jumping or riding on the flat
- Extra soft and supple calfskin on seat and knee rolls for added comfort

**Sizes:** 16" 16.5" 17" 17.5" 18" 19"

**Tree width:** Medium – Large

**Colors:** Havana – Chestnut – Black

**Leather:** Full Grain – Doubled Calf – Buffalo

**Flaps:** Short – Standard – Long

Customizing is available with an additional charge

*Sit in an **Alliance** saddle and you will immediately feel comfort and balance. Your seat will slide into position effortlessly and your legs will stretch down into a natural position!*

*There are hundreds of traditional Hunt Seat saddles on the market today. Lynn and Cyril designed the **Alliance Cross Training** saddle to maximize horse and rider comfort, and therefore overall performance. Combined with high quality leather and craftsmanship, this saddle is a winning partnership!*
